In regards to: Williams Bobrick, Case No. 3:07-cr-00062-JWS

Dear Honorable John W. Sedwick,

I have known Mr. Bobrick since about April of 2002. My husband Brian Whittle was running for the Anchorage Assembly and we were much more active in the community (attending fundraisers, holiday parties, and community meetings) back then. While I was not a close friend of Mr. Bobrick, I would like to share my experience(s) with him. This is a sensitive issue for me. I am Alaska Native and Mr. Bobrick was always kind and made sure to greet me anytime he saw me, when others would not. I cannot tell you how much this meant to me, this is something not many people talk about. I believe that the dignity and sincerity shown to me by Mr. Bobrick is a reflection of his character, and despite the mistakes he has made, must be a decent person at his core.

If I could be so bold as to request--that a sentence be given to Mr. Bobrick that allows him to "give back" to the community, where he is useful rather than a burden. I see him as a person that treats people equally, without expecting anything back, and will do so even if they do not have the same social or financial charisma as others. This seems to be a rare quality in today's social clime, and I ask you to please recognize and acknowledge it in his sentence.

Respectfully,

Cynthia Williams
